

G-LOFT® | PREMIUM INSULATION TECHNOLOGY

UNIQUE WORLDWIDE. HIGH-TECH SYNTHETIC FIBER

Warm, light and breathable – even in extremely wet and cold weather: The revolutionary G-LOFT® insulation meets the highest standards and combines the benefits of natural down with the ruggedness of a synthetic fiber. And it is permanent. Due to the "MEMORY EFFECT" the fibers automatically return to their original and unique form, providing warmth, even after repeated washing and hard use. G-LOFT® guarantees optimal thermal insulation and heat regulation, both indoors and outdoors.

EXTREME LIGHT INSULATION

EVOLUTION 20

G-LOFT® EVOX is the latest innovation, developed by Goldeck Textil. The G-LOFT® R&D Team was able to create a real "Evolution Extreme" in the segment of outstanding High-Tech insulation with maximum performance level.

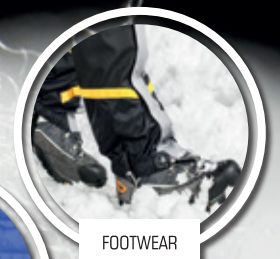

The **G-LOFT® EVOX** still remains a High Loft Insulation, but with an incredibly low weight of 20 gsm in a special next-generation 3D fiber architecture. That new LOFT experience was especially made for extreme light 4 season insulated garments. Fulfilling the highest requirements, the speciality of that unique light insulation is also perfectly applicable for daily usage in any professional segment.

G-LOFT® EVOX
The power of High-Tech Insulation in its excellence.

FIELDS OF APPLICATION

APPAREL & EQUIPMENT

FOOTWEAR

INDIVIDUAL INSULATION & QUILTED CONSTRUCTION

NEW PRODUCTION FACILITIES IN SLOVAKIA

The G-LOFT® synthetic fiber is produced in our new and worldwide unique production facility in Slovakia and is the result of many years of development work in the field of synthetic fibers. The product portfolio has been expanded this year by innovative variants.
