Ecody®为泰和新材集团旗下织物可持续染色技术，为全球纺织印染行业提供更环保、更高效、更安全的解决方案。

Ecody® green printing and dyeing technology, developed by Tayho Group, and devoted to providing more eco-friendly, efficient and safer solutions for global textile dyeing industry.

# WE ARE

## 环境友好 ECO-FRIENDLY

染色用水循环利用 | 减少化学品与染料使用 | 降低能源消耗与碳排放  
Dyeing water recycling | Less chemicals and dyestuff used | Less energy consumption and carbon emissions

与传统染色相比, Ecody®技术可节约  
Comparing with conventional dyeing, Ecody® can save

节水80%  
Water saving

节约蒸汽50%  
Steam saving

节电30%  
Electricity saving

降碳35%  
Carbon reducing

## 高效灵活 EFFICIENT & FLEXIBLE

按需染色 | 缩短染色时间 | 减少无效库存 | 色彩创意快速实现  
Dyeing on demand | Shortened lead time | Less dead stock | Color customization

cotton

linen

silk

wool

cellulosic

Time consumption comparison 传统印花与Ecody®印花耗时对比

免上浆 免蒸化 免水洗 印花耗时仅为传统工艺一半  
No sizing No steaming No washing 50% faster than conventional printing

## 安全健康 SAFE & HEALTHY

天然抑菌 | 零甲醛 | 染色过程安全友好  
Naturally anti-bacterial | ZERO formaldehyde | Dyeing process safe and easy

Standard  
OEKO-TEX® STeP  
(认证中)
