

**KJUS**

KJUS revolutionizes the market with its Ski, Golf and Lifestyle collections season after season. Be on the pulse of innovation and join our passionate team. Effective immediately or upon agreement, we are looking for an

## **Apparel Designer Technical Sportswear Women**

(EN/DE, full-time)

### **Your main tasks**

- Develop design concepts for the skiwear and golfwear collection based on the KJUS product direction
- Conduct active trend research and analysis (fairs, store checks, market and competitor analysis)
- Create designs for the skiwear and golfwear collection and category-related innovation projects (including illustrations, technical sketches, detail sketches, color concepts, color sketches and storyboards and complete tec-packs for development)
- Responsible to maintain design timeline and deliver specified design work (50 - 100% design meetings, tec-pack handover)
- Ensure that all allocated designs are always up to date
- Develop design for trims and graphics
- Create overviews and merchandising pages for design presentations
- Conduct design presentations in various internal and external meetings
- Close and day-to-day collaboration with product division manager, product development, pattern team, material development, innovation department

### **Your profile**

- Completed studies in design (Bachelor/Master)
- 3 – 5 years of experience in a comparable function
- Profound know-how in designing functional and technical apparel with high affinity for fashion, lifestyle and premium products
- Creative, passionate, proactive and straightforward person who likes to work in a team but also self-dependently
- Structured and focused working style
- Able to work under pressure and to handle seasonal workload peaks
- Profound know-how in Adobe Illustrator and InDesign and familiarity with MS Office
- Very good communication skills in English and preferably German
