

# Performance Days show launched for west-coast USA

---

25 January 2019

A new sourcing event, the *West Coast US Functional Fabric Fair*, is to be held in Portland, Oregon, USA, on 22–23 October 2019.

The first show is being organized by Design & Development GmbH Textile Consult of Ismaning – which runs the *Performance Days Functional Fabric Fair* in Munich in its native Germany, twice every year – Reed Exhibitions of Norwalk, Connecticut, USA, and US textile agency Concept III of Red Bank, New Jersey.

In July 2018, Design & Development GmbH Textile Consult held the first *US Functional Fabric Fair* in New York City, USA. The next edition of this event takes place there on 22–23 July 2019.
